

T06.2 Roadmaps for Peace

Roadmaps for Peace

The project promotes comprehensive sustainable rural development that contributes to dignified living, institutional strengthening, and peace.

Implementation period

From 18/Apr/2017 To 30/Jun/2021

General Description

The project creates conditions for the region's transit, in the midst of the post-conflict, towards the construction of a stable and lasting peace through strengthening local economies. This measure supports local economic development of chains such as fruit and vegetable, dairy, artisanal, and tourism. Its actions are aimed at protecting the region and its water resources, building relevant educational models that include young people, and are coordinated with local development, and promoting governance for peaceful coexistence with a gender perspective.

The project is executed by the Valle del Cauca Financial Development Institute (INFIVALLE) and uses the "Leader Approach" with local development based on accessible and decentralized management of investments and the region.

Contribution to the Peace Accords

The project contributes to point 1 of the Agreement by implementing development programs with regional focus, with the participation of civil society and local and departmental public sectors, based on regional actors' needs, proposals, organizational structures, and experiences. The actions in the IETAS are integrated with the agro-environmental component, supporting economic educational projects that include capacity building, entrepreneurship, and environmental protection.

Objectives and Results

The project has four specific results.

First result. Strengthens inclusive, legal, and competitive local economies, through technical assistance, agro-environmental improvement and food security, access to credit, and support in infrastructure, transformation, and commercialization.

Second result. Strengthens regional sustainable management, with an emphasis on the Municipal Systems of Protected Areas and associated basins in situations of greatest vulnerability, for the protection of water resources.

Third result. The Agricultural Technical Schools-IETAs in the BRUT Valle del Cauca region, have relevant educational models for youth inclusion, sustainable local development, and peaceful coexistence.

Fourth result. The local capacities for governance and peace building in the Northern BRUT Region of Valle Cauca are strengthened through the Culture of Peace Program and the Municipal Peace Councils.

Investment Amounts		
€ 1.400.000	€ 350.000	€ 1.750.000
UE Support	Counterpart	Total

Featured Indicators

Indicator	Goal	Last Update	Advance	Current Value	Status
01.Number of families that have implemented a sustainable farmers economy model in the fruit and vegetable lines	1.500	December 2020	100 %	1.500	In execution
02.Number of families improving income through the economic activities promoted by the project	1.500	December 2020	100 %	1.500	Complete
03.Number of strategies to strengthen access to credit operating for small producers	1	December 2020	100 %	1	In execution
04.Number of hectares of Municipal Systems of Protected Areas and their associated basins for the protection of water resources, protected and / or conserved, and / or recovered	80	December 2020	100 %	80	Complete
05.Number of Civil Society Nature Reserves created in a strategic location for the protection, conservation and / or recovery processes of the basins in critical situation	14	December 2020	100 %	14	In execution
06.Number of people with interventions to increase water and regions sustainability in Municipal Systems of Protected Areas and their basins	5.000	December 2020	70 %	3.500	Complete
07.Number of biofactories installed for crops agro-ecological management.	3	December 2020	100 %	3	In execution
08.Number of Logistics Centers (storage, transformation, and distribution) designed and operating at the end of the project, benefiting 800 producers in the selected municipalities	1	December 2020	700 %	7	In execution
09. Number of farms certified and / or recertified by ICA "tuberculosis and brucella free" belonging to small regional producers participating in the dairy chain associations.	15	December 2020	100 %	15	Complete
10.Number of registered collective brands and / or accreditation of designation of origin for products from the fruit and vegetable (banana), tourism, and artisan chains	3	December 2020	100 %	3	In execution
11.Number of Municipal Peace Councils created and / or strengthened, in coordination with the department	7	December 2020	100 %	7	In execution

12.Number of PEIs (Institutional Educational Plans) for sustainable local development and peaceful coexistence, adjusted and in implementation in the seven selected municipalities	8	December 2020	100 %	8	In execution
13.Number of IETAs with entrepreneurial educational projects strengthened with basic infrastructure, and / or equipment and / or machinery, supplies, and access to connectivity.	8	December 2020	100 %	8	In execution
14.Number of IETAs students participating in a relevant and inclusive educational model for sustainable local development and peaceful coexistence	5.286	December 2020	94 %	4.998	In execution
